designer Korb+Korb

manufacturer Herman Miller

Sense has been designed as a modern solution to workplace and home office needs through its innovative design, unique aesthetics and industry-leading engineering. It combines simplicity with speed, offering users a modular systems solution that can be easily specified, ordered and installed. The Plug+Play build concept means all components simply lock, click or snap into place without the use of any tools, making it a fully flexible platform that can be built, broken down and reassembled quickly and easily.

33 Villeroy & Boch New Glory

www.villeroy-boch.com, www.argentaust.com.au
ac@argentaust.com.au

manufacturer Villeroy & Boch

The New Glory design combines the smooth, straight lines of the Memento washbasin with an intricate filigree floral pattern contrasted against the glossy white finish of the washbasin. The design is available as a wall-mounted washbasin in a 50-centimetre, 60-centimetre, 80-centimetre or 120-centimetre size, offering options to suit both large and small bathrooms. New Glory is also available as a countertop washbasin in a 50-centimetre and 60-centimetre size allowing it to sit on the surface of a vanity unit or bench. RRP from \$849.
